SKILLS

Angular | Typescript | JavaScript | HTML | Corel Draw | CSS | Git | JIRA | Web Development
SQL | Bootstrap | jQuery

EXPERIENCE

Rype Fintech Private Limited

Junior Front End Developer

07/2022 – present
Mumbai, India

- Designed and developed modular, reusable code using common directives, services, components, and pipes to streamline application development.
- Integrated third party NBFC APIs into application to enable users to get credit facility.
- Integrated REST APIs into applications, resulting in improved platform efficiency and faster response times.
- Collaborated with team members and effectively communicated to ensure timely project delivery.
- Diagnosed and resolved application issues through debugging to ensure optimal functionality.
- Adhered to best practices and standards set by the organization or team of experts to maintain code quality.
- Utilized Agile methodology and Jira to plan, track, and manage the application development process.
- Utilized version control systems such as Git to manage code changes and collaborate with other developers.
- Participated in sprint planning and retrospectives to help improve team processes and ensure successful project delivery.
- Worked with cross-functional teams, including designers, testers, and project managers, to deliver high-quality software products.
- Communicated technical concepts and complex ideas to non-technical stakeholders to ensure understanding and collaboration.

Global Awards and Rewards

Web Developer

06/2021 – 06/2022
Mumbai, India

- Developed multiple websites for various domains such as Fashion, Health Nutrition, Event Managements using WordPress, Html, CSS, JavaScript.
- Designed Email templates for campaigns and infographics for Social media campaigns

PROJECTS

Slate.ac (finance.slate.ac)

As a member of the development team, I contributed to the platform's front-end design, user interface development, and integration with back-end APIs. I also collaborated with other developers and stakeholders to ensure that the platform met all functional and performance requirements, adhered to best practices and standards, and was delivered on time. The platform was successfully launched and has been adopted by several businesses, resulting in increased efficiency and cost savings.

Freelance

- As a freelancer, I have worked on a variety of projects in the fields of web development and design. Worked with many MSME's from various domains such as Import / Export, Health Nutrition, Fashion etc.
